### How to use this Framework

**Getting Started** - Complete the online Access and Confidentiality Agreement form, which can be found midway down the page at Stage 2 of the 'Get Started' section on the ESPO website at the following link: [98\\_22-Access & Confidentiality Agreement](#)

#### Lot 1 & Lot 3

Review the User Guide to establish whether your needs can be met by a single supplier or whether you need to conduct a Further Competition. Typically smaller, more straightforward requirements can be met by one supplier, larger, more complex requirements will require a Further Competition to achieve the best supply solution. If you decide that a single supplier can meet your requirements based on the pricing and/or other information provided in the User Guide, simply place an order with that supplier.

If you decide you need to conduct a Further Competition you may do so by seeking quotations from **all** the suppliers that are able to meet your requirements in your location.

#### Lot 2

Due to the bespoke nature of each customer's requirement and pricing, 'calling-off' without competition under this Lot 2 is not permitted. Customers may only access Lot 2 by conducting a further competition from amongst those Suppliers awarded to this Lot by seeking quotations from **all** of the suppliers that are able to meet your requirements in your particular location.

**Confirming your Award** - Please let ESPO know when you use the framework by completing the Confirmation of Award form which can be found at Stage 3 of the 'Get Started' section on the ESPO website at the following link: [98\\_22-Confirmation of Award Form](#)

**Please quote ESPO framework reference 98\_22 on all correspondence.**

### About ESPO and our frameworks

ESPO is a local authority owned purchasing and supply consortium. It is jointly owned by the county councils of Cambridgeshire, Leicestershire, Warwickshire, Lincolnshire and Norfolk and city council of Peterborough.

We have over 30 years of experience in public sector procurement. All of our frameworks are let in full compliance with UK procurement regulations (and the EU procurement directive).

ESPO is a not for profit, self-funded organisation. ESPO recovers its overheads by means of a retrospective rebate from the suppliers. The rebate levied averages less than 1% of framework turnover.

ESPO's specialist buying teams have extensive experience of providing high quality procurement solutions to the public sector on a nationwide basis.

At ESPO we use our expertise to work with our strong and varied supply chain to bring you the best value procurement solutions possible.
